On last day:

- When Bruce and I were on our way to our hike, a deer jumped out in front of us.

Bruce put on the brakes. We missed it. Phew

- I got caught by a runner & his dog, while having a comfort break in the woods. Hahahahahaha

- Loved all of it, except the long road sections.

- Musselman-Schneider Woods of course is/was my favourite part. I've walked it (and more) several times. I just didn't add repeats on my log.
